

## **6<sup>th</sup> Miniature Kite Contest Seattle, Washington**

The Board of Directors of the Drachen Foundation reviewed this year's kite entries of the Foundation's 6<sup>th</sup> Miniature Kite Contest.

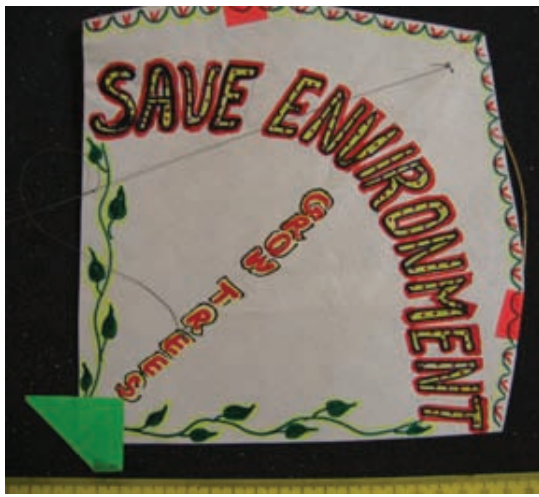

David Lang, Scott Skinner, Joe Hadzicki, Martin Lester, Jose Sainz and Bonnie Wright carefully judged each kite as to flyability and aesthetics. For the first time, a unanimous decision was made by all the judges to NOT award single places or prizes, giving us a winners from all over the world.

The emphasis this year was not on the micro-sized creations, but on the creative flyability of small kites.

You can judge for yourself.

Prizes will be sent to all our participants!

Congratulations all!
