Directions: Take I-95 to Exit 16.

Turn onto East Ave. (That's a left if you were southbound, a right if northbound) under the railroad bridge.

Continue straight on East AVE. until you run out of road at the water.

You are looking at the park, but you must turn right onto SEAVIEW AVE. to get there.

Watch for a gate entrance on left.

If that one is closed, continue to and thru traffic light, and take first entrance on left, go thru parking lot to field.
